THERMOELECTRIC HYGIENIC SERIES IP67

HD HYGIENIC DESIGN

Example

Thermoelectric Cooler Optimized for Applications in Hygienic Areas

The Thermoelectric Hygienic work with the innovative Peltier-Technology, offering compact, dependable, power-saving air conditioning 50 W.
The Peltier-Technology permits the use in any position, high degree of protection for outdoor use in bad environments and also for example a mobile use in high vibration application. The Peltier-Technology works without any compressor, cooling liquid or filter mat and is nearly maintanance-free.
The robust design with the heatsink made of aluminum and thestainless-steel cover on the outside makes it perfectly suitable for every sophisticated application.
