WATERPROOF VENTILATION HOOD IP56

WATERLOCK SERIES IP56

WE PUT AT YOUR DISPOSAL

We offer over **50 years** providing solutions to demanding customers who require very specific characteristics and behaviour according to the sector and their needs.

WHEREVER YOU GO

We are committed to working closely with our customers, providing them with **exceptional service** and offering an advanced and extensive range of products with very competitive prices.

HIGH STANDARD OF QUALITY AND SERVICES

We only use materials provided by companies who offer the very **highest quality**, suitable and certified products. Our success is due to top quality assurance: ISO 9001, SGS, UL, TÜV, ISO 14000 and Ohsas 18001.

CUSTOMIZE TOTALLY YOUR ENCLOSURE

Our production systems can give custom-made solutions **on demand**. Every colour from RAL chart is available to be personalized. A variety of protection standards thanks to our own painting facilities.

WATERPROOF VENTILATION HOOD IP56

WATERLOCK SERIES IP56

Example

Total Protection, Uninterrupted Performance

Protective element installed on the exterior of electrical cabinets to cover and shield ventilation fans.

It prevents the ingress of water, dust, and moisture, ensuring the safe operation of the ventilation system even in demanding environments.

Designed for outdoor installations, it allows for proper air circulation while maintaining an IP56 rating, protecting the cabinet's interior against rain, wind, and adverse environmental conditions.

Its robust construction and optimized design contribute to improved heat dissipation, preventing electrical equipment from overheating and extending its service life. Additionally, its modular installation facilitates integration into various types of industrial enclosures.

STANDARDS

- Cabinet protection rating IP56 / Class I EN 60529
- Manufactured in accordance with the 2014/35/EU Low Voltage Directive
- Operating temperature: -10°C to +70 °C

WATERPROOF VENTILATION HOOD IP56

WATERLOCK SERIES IP56

ADVANTAGES

- Maximum IP56 protection for demanding environments, guaranteeing full shielding against rain, dust and humidity.
- Extends equipment service life by preventing damage caused by particles and external agents.
- High mechanical strength ensuring stable operation even in harsh industrial environments.
- Advanced sealing reduces cleaning and maintenance to a minimum.
- Optimized "inside-out" airflow for efficient thermal dissipation.
- Optimized thickness (1.2–2.4 mm) for maximum lightness and rigidity.
- 100% duty cycle, designed to operate without interruption.
- Robust and lightweight structure for fast and safe installation.
- Custom design for any ventilation system.
- Specially developed for high-performance IP56 protection requirements.
- Easy and quick assembly using screws.

OPTIONS

- Manufactured in AISI 304L or AISI 316L marine-grade stainless steel (optional).
- Custom manufacturing according to size.
- Surface finish with RAL paint in different colors.
- Optional integration of thermostats for advanced thermal control (recommended).

APPLICATIONS

IP56 ventilation cover for electrical enclosures.

Designed for environments requiring superior protection against water and dust, ensuring sealing, durability and optimal airflow in demanding outdoor conditions.

CUSTOMIZED ENCLOSURE SOLUTIONS DELVALLE

Delvalle has more than 50 years of experience using the latest technology to implement and obtain the most innovative products on offer to all our customers. Delvalle is an ideal partner, combining an advanced and wide range of products at very competitive prices.

The customized manufacture of all electrical enclosures and cabinets Delvallebox is carry out with the most advanced technical methods and with the precision and consciousness of a craftsman. This makes the difference from competitors and is the best way to gain our customers' trust.

In Delvallebox we bear in mind that customers perceive the quality very clearly. In every product (for instance, in the cabinets here presented) safety and useful solutions are what customers value most.

INDUSTRIAL ENCLOSURES IP66, IP67, IP68 AND IP69K

Buy direct from manufacturer of custom made IP66, IP67, IP68 and IP69K heavy duty industrial and waterproof electrical enclosures AISI 304L and 316L made by standard IEC 60529. Delvalle has tested all sizes and dimensions of waterproof enclosures according to EN 60529:2018. All weather resistant enclosures are more than simply rainproof, they meet a minimum of Nema 4X and IP66, IP67, IP68 and IP69k requirements to ensure your electronics are protected. From Junction boxes to industrial enclosures, Delvalle weatherproof enclosures offer a wide range of sizes and styles to keep your project waterproof.
